Production Projects

MFU Pre-internship Online V2

MFU Pre-internship Online provides sets of videos, tests, evaluations, and others for third and fourth-year students (about 2,000 per year) to be ready for their upcoming internships.

MFU Internship System

MFU Internship System is used by students to submit their internship application and internship information before, during, and after internship period. Also, it's used by teachers to approve students' internship applications and staff to operate the back-office system.

MFU Job Hunting

A web app that the university provides for students to find their desired jobs.

MFU Part-time Online

A web app that turns paper-based into computer-based. Students no longer have to walk-in to the department when they want to apply for part-time jobs since they can use the web app to apply online.
